# Edell's Thoughts on '90 Team

The 1990 Maryland lacrosse team enters the season intent on reclaiming the Atlantic Coast Conference championship and on making another run at the national championship. Our young men of last year's 10-4 team brought us surprises and much excitement with their outstanding play. We won the regular season ACC title (3-0), but now the title goes to the winner of the ACC tournament in late April. Last year was the inagural lacrosse conference championship. We closed the season at Byrd Stadium losing to the eventual national champion Syracuse Orangemen in the NCAA semi-final championship game.

Our goal is to get to the Final 4. This senior class, of which there are seven, has been there twice in the last three years. To each of the players, their personal goal is to contribute to their utmost so they can realize their third visit and go for a shot at the whole thing, the NCAA crown.

I think that last year, people looked at the youth of the team, 18 freshmen and nine sophomores. Now they are sophomores and juniors and these kids were involved in greuling and intense competition playing in the ACC and the NCAA's with some of the top teams in the game.

Last year we played overtime games and won and we played games in which we had ferocious comebacks and late rallies. I believe these youngsters will draw back on that experience and will have a big part in their thoughts of the 1990 season.

**Attack**

Again this year, the attack unit will be young with two juniors, four sophomores and two freshmen. The starting trio will be potent with two starters back, junior Rob Wurzburger and sophomore Tim Cox. We have moved last year's third starter junior Mark Douglas to the midfield. Wurzburger, a strong All-America candidate, will anchor the attack offense. He came to Maryland a highly heralded prospect out of the lacrosse hot-bed West Genesee High School in Syracuse, NY, and has responded with two brilliant seasons. I was really miffed when he was left off the All-America teams last year. He should have another awesome year, as he should continue to be a prolific goal scorer. He has been that since the day he stepped on the field. Besides his scoring, I look for him to take his experience to be the leader of the attack unit, lending his leadership and maturity at that end of the field. Cox had a phenomenal freshman year. I didn't plan on him to be a starter, but he responded in the way we like to earn the starting role. He knows he has to raise the level of his play as he will get the opponents' first or second defenseman. This spring, he continued to be the quickest attackman I have seen since I have been here and for even a much longer time. The third spot is very competitive. The leading candidate to earn the job is sophomore Chris Dail, a 1989 red-shirt after transferring from Towson State. He was impressive all last season while practicing, and continued to impress last fall and this spring in our preseason practices. He knows what is required and demanded of a Division I attackman. Sophomore Blake Wynot, who played in eight games last season, will vie strongly all season as a starter and will lend exceptional back-up strength. He has tremendous quickness and physical strength. We will unveil, like Wurzburger, one of the most highly recruited attackmen in the country, Scott McMahon out of the Syracuse area Liverpool high school. This sensational youngster has great speed and quickness and a great shot. He has unlimited abilities and skills and I look for him to make a run at the all-time scoring records in his four years as a Terrapin, and maybe create new records in goals and assists. In leading the Liverpool team to the state championship finals, the All-American set a new school scoring record, 133 points, 66 goals and 67 assists. Another highly touted freshman who should contribute right away is Jay Pasko, a tall thin youngster out of Baltimore's Archbishop Curley High School. He is a fine future prospect. With his size, 6-1, 130, we've got to get him stronger. Lending back-up experience will be junior Charlie Kaplan and sophomore Glen Baskin, both who had playing time last year.

**Midfield**

The first unit seems to be one that we can count on all season to be intact as a very strong unit and one that will be most difficult to defense. The threesome features junior Mark Douglas, senior Chris Connor and sophomore Craig Bullen. Douglas, who earned All-America and All-Conference honors last year as a sophomore attackman, was moved to midfield since we had a big loss with the graduation of All-America Phil Willard. We think midfield is his natural position. He has all the skills and capabilities to be great. I think he's going to be something special. He can be as good as any midfielder to play for me in my 20 years of coaching. He can be a great one. As the teams' leading point scorer last year, 45, with a team-tieing 31 goals with Wurzburger and 14 assists, he should easily surpass that scoring output. His greatness was recognized last summer as he qualified for the World Team from Canada. Tri-Captain Connor, a fifth year senior as he set out his freshman year following shoulder surgery, is one of the best conditioned players in all of lacrosse. He's strong, competitive and very aggressive. His stats won't knock you out, but he has the perpensity to get big goals in games when needed as he did last year against Navy and North Carolina. In the midfield play on the field, I am counting on him to take over the leadership of the units. I know he will for he is an intelligent human being. Our thoughts are to run Douglas and Connor with an outstanding sophomore Craig Bullen who gave us a super effort as a freshman as our fourth attackman last year. He is one of the super success stories as he was unable to play his senior year at Severn High School following major knee surgery from injuries suffered in a Pick-up basketball game. He just plugged away and had a fine freshman year. He scored some goals (8) and especially effective on extra man situations.

He now gets the big chance and should be a regular starter. You must give credit to his internal makeup and to his surgeon. The second midfield will be anchored by junior Lou Geiger, St. Mary's. Physically, through his intense work with the strength program, has developed into one of the strongest players on the team. He always plays within himself and doesn't try to do the awkward as he is aware of game situations all the time. He plays into his strength and away from his weaknesses. Geiger will run with a pair of sophomores who got a lot of playing time last year as freshmen, David Willard and Jon Schoenweitz. David is the last of the Willard brothers and has a big assignment these next three years to follow in the great tradition and play of his older midfield brothers, both Terrapin first team All-Americans, Brian and Phil. His progress was hampered his freshman year by a shoulder injury he suffered in the last scrimmage of the preseason against Towson State, although he did see but limited play in all 14 games. This is a critical year for him. He has to get out of the blocks quickly. Schoenweitz is really a big midfielder (6-1, 195). We have confidence in him. As he gains self-confidence on the field, this youthful unit can do a real good job. Leading the other midfield group is another brilliant All-American, Erik Elfstrum. Erik is another in the long line of youngsters from still another hot-bed lacrosse country, Yorktown (NY) High School. He led the team to the New York state championship. A great shooter and outstanding feeder. Shows diligence in his work habits. Erik is a very serious person, on and off the field, and always is looking for ways to make himself better. Another freshman of note to help make up this group is Bob Huggins, South Carroll High School. He is the first player we have recruited out of Carroll County. He was injured in the fall and missed the fall practice but is intent on it not holding back his contribution. I'm really pleased with his work ethnic. His work habits are a lot like Erik's. Rounding out the expected threesome is sophomore Andy Claxton. The former All-American out of Broadneck High School, Annapolis, played in all 14 games and is being counted on to add more strength and experience to the substitute midfield groups.

Claxton came to College Park last year as one of the finest face-off specialists in the game. He shared the duty with the veteran Phil Willard and finished the season as the number one face-off man for the Terps. He won 74 tries, lost 48 for a most respectable 61%. He waited in the wings to Phil, but now the baton is being passed along to him to excel at the all important phase of the game. He takes great pride in his skill of winning the battle at mid-field. Additional help in the midfield will come from reserve senior Kevin Rockhill. He also will be a back-up on the face-offs along with David Willard.

**Defensive Midfield**

This unit now features two 40" sticks as opposed to one the past years. I think our long pole looks to be one of our real tough strengths. In all-star candidate Mike Frick we have a player who can match us with the best of them. It will be a key matchup to go against the opponents' top player. The first short pole will be handled by sophomore Shawn Marshall who comes off a really super freshman year. He was our starting long pole last year so that is why we converted him to the short pole. He is a good quick, strong, aggressive athlete that we need to help our matchups during the year. The third spot will be competitive throughout the year. Returning is Yorktown's junior Billy Hayes and joining him is another outstanding freshman recruit, Dan Reading. Hayes handled the long pole in '89, but now the short. He has intense principles and is well schooled in fundamentals. Reading garnered a bushel of honors along with All-America selection as he led Wilton (CT) to the state championship. He'll be a 2-way midfielder during his career, but for now, he will give us immediate help on the defensive unit. Sophomore Jeff McLaughlin will compete for playing time and will give us depth. Also, we have moved sophomore Dean Dardzinski from the goal to the defensive midfield unit. We think he can do more to help us here than as a backup goalie. He has picked up a long and short pole and could figure in our plans this year for that important area.

**Defense**

All-America and Atlantic Coast Conference first team selection, senior Billy Ralph, another Yorktown product, anchors our defensive unit that lost All-America Jeff McNeil along with Scott Wheeler. Ralph, a tri-captain, had an exceptional year and appears he won't be satisfied for an equally or better outstanding senior year. Sophomore Brian Burlace, St. Mary's of Annapolis, finished the year playing a lot of ball at the end of the year and will be a starter on the close unit. Last year's momentum has carried over for this year. One of the games' biggest defensemen with tremendous size, 6-3, 220. He is a good hard-nosed athlete and will make an early bid for future all-star recognition. We have two groups we can call on with experience. Senior and tri-captain Carl Voigt, Boy's Latin, will start out for us playing the crease. He has an unbelievable instinct to stay with the ball and key the upcoming plays in front of the goal. Senior Graven Craig gives us a big replacement, 6-2, 201. His crease contribution will be all important. Lending valuable experience is senior Pete Schwasnick who creates a highly competitive situation. He will figure prominently on close defense or defensive midfielder. This versatility with his size, 6-4, 180, gives us valuable experience and depth. Voigt and Craig both had to redshirt a year because of injuries that required surgery. Craig has been a key man down player for us. He understands the thought of what we are trying to do in man down situations. Sophomore Jamie Dodwell, St. Mary's, played some as a freshman and is counted on to contribute depth, along with highly regarded freshman Matt Ritter, Calvert Hall. Joining the defense group is walk-on Ken Waganer, Hereford High School.

**Goal**

This all-important position is the one that is of the most concern for us. Last year's goalie Mike McCanna will not be with us this season. Junior letterman Matt Herrold, Towson High School, is the lone returnee with any experience to handle the critical goaltending responsibility. However, we were most fortunate to win a torrid recruiting battle when we landed Steve Kavovit, the All-America goalie who played brilliantly in leading Herkimer Junior College to the National Junior College championships last year. He went to Herkimer JC following an All-American career at Yorktown High School. Herrold saw action in eight games last year and was credited with 20 saves while giving up 15 goals. In the NCAA semi-final game against Syracuse he suffered a knee injury that took him out of the game. He had surgery in July. His rehabilitation during the summer and fall resulted in full revocery. Matt and Steve will wage an intense competition throughout the season. As the season approaches now, their rating is neck and neck. Sophomore Mel Stephens, a walk-on last year, will be a back-up. He played in two games last year.

## Dick Edell
**Head Coach**

This will be Edell's seventh season heading the Terrapin lacrosse program.

As last year, it will be a young team that has set its' goal to win the Atlantic Coast Conference championship and to make a back-to-back appearance to the NCAA Championships. Edell led the 1989 team to its' third regular season ACC title and to the NCAA's for the third time in his six years. With last year's entry, the Terps advanced to the NCAA semi-finals for the second time. He was voted ACC "Coach of the Year" honors.

The youth of the '90 team is evidenced as the roster at the start of the season includes six freshmen, 16 sophomores, six juniors and seven seniors. There are 17 lettermen returning with six finishing their career last year, including two starting defensemen, a starting defensive midfielder, a starting midfielder, and the starting goalie.

In his six years, Edell has guided the Terps to three NCAA championship games, '86, '87 and '89 and'the three ACC crowns. The '87 team was ranked #1 in the nation in the final USILA poll and advanced to the NCAA semi-finals, finishing with a 12-1 season. The 1987, 11-0 undefeated regular season wins, were the most since the 11-0 success of the 1953 national championship team, 33 years ago. The #1 ranking marked only the second time in 11 years, 1976, a Terrapin ten were top ranked during the regular season. Edell came to Maryland after seven successful years at Army. His winning tradition lengthend with his six-year record: 7-4, 7-5, 10-3, 12-1, 6-4, and last year's mark of 10-4. His six-year overall record now stands at 51 victories and 21 losses for a 71% winning mark.

He began his head lacrosse coaching with a four-year stint at the University of Baltimore, 1973-76 and had a 45-23 record. In those four years, he took the team to the NCAA's three times.

In 1977, Edell moved on to the United States Military Academy where he would coach the Army ten for seven years, 1977-83. He led the Cadets into the NCAA's four years. He was selected as national "Coach of the Year" in 1978. His seven-year record was a 73% winning success, 66-24.

His 17-year head coaching record while at U. of Baltimore, Army, and Maryland reads 163 wins and 68 losses, a .706% overall winning effort.

He served as President of the U.S. Lacrosse Coaches Association in 1983. He was one of the five finalists for "Coach of the Year" in 1987, won by Cornell's Richie Moran, a former star midfielder for the Terrapins.

Edell was a two-time All-American midfielder at Towson State. He graduated in 1967 with a B.S in Physical Education. He later went on to acquire his Master's Degree in Education from Western Maryland (1970) and a Master of Science from Baltimore University, 1976. The 46-year old Edell and his wife of 23 years, Dolores, are the parents of four children, Lisa, 20 and a student at the University; Kris, 16; Gregg, 11; and Erin, 7.

### Edell's Career Record

| YEARS | SCHOOL | WON | LOST | PCT. |
|---|---|---|---|---|
| 1973-76 (4) | U. of Baltimore | 45 | 23 | 66% |
| 1977-83 (7) | Army | 66 | 24 | 73% |
| 1984- (6) | U. of Maryland | 51 | 21 | 71% |
| (17) | | 162 | 68 | .706% |

## Dave Slafkosky
**Assistant Coach**

When Edell was named the head coach of the Terrapins, the only request he made before accepting the job was to bring his Army assistant with him. Slafkosky was the defensive coach and coordinator at Army and has maintained the same assignment for the Terrapins.

This will be Coach "Slaf's" l4th year as Edell's top assistant coach, seven at Army and now entering his seventh season with the Terrapins.

Around the lacrosse game circles, he is conisdered as one of the finest defensive coaches. The Terp defense has been a most positive trademark of the Terps' game in his six years. Several of his players have gained all-star and all-America recognition. For example, this year's senior tricaptain Billy Ralph was a first team all-America last year as a junior.

He has noticeable coaching techniques, a fine teacher and a relentless worker.

A 1975 graduate of Johns Hopkins, Dave was a midfielder for the Blue Jays and helped lead them to the 1974 NCAA championship.

Dave and his wife Michelle, have three children; Daniel, 9; Sarah, 6; and Kevin, 2½.

## Kevin O'Leary
**Assistant Coach**

Kevin played for Edell his senior year, 1984, which was Edell's first at the helm of the Terrapin ten. He was the Terps' starting goalie all four years for the Terrapins.

Following his '84 graduation, Edell immediately chose O'Leary to join his staff as a full-time assistant.

His duties are many. Going into his sixth season, he again will serve as goalie coach and handle the Terrapin offense.

O'Leary has the most important assignment as recruiting coordinator with Edell, seemingly spending more time in New York, than home. With their New York connections, they have brought home to the College Park campus, many "Blue-Chip" recruits. He also monitors the study hall and tudor programs as part of the academic commitment of the athletic department and the lacrosse program to the University.

Among the honors after playing four years in the goal were the Deckman-Silber top defense award; the Maryland Ring, presented to the outstanding senior athlete; the Edwin E. Powell Trophy, given to the lacrosse player who has contributed the most during his career; and the Charles P. McCormack Award, offered to the most outstanding senior student-athlete.

Kevin is a graduate of Calvert Hall High School, Baltimore. His father was a lacrosse official for many years.
